Outstanding Build Quality

The Legion Caravans team are expert caravan manufacturers with decades of caravan building between them, the owners have extensive experience across every facet of the caravan Industry. Legion Caravans are built using the highest quality materials that are sourced from Australia and Europe. The Caravans are defined by their luxurious interiors, rugged exteriors and the quality features that are included as standard.

The layouts offered have been designed to be versatile enough to suit all caravan needs and preferences.

Legion Caravans incorporate a number of touring options as well as off-road & family caravans. Exceptional interiors and high end appliances are used throughout the caravan ranges. The Legion build process is enhanced by the use of a Tig welded aluminium frame, custom corner moulding, honeycomb floor and fibreglass roof in order to increase the strength and integrity of the caravan. The Legion Caravans range of caravan models have everything you and your loved ones will ever need whilst travelling Australia's amazing and unique destinations.

Legion Caravans as a company understands that the needs of the market, are as diverse as the caravanners who enjoy the travelling lifestyle. Because of this at Legion we now offer two different build methods for our customers, in order to better suit their needs and lifestyle. Our traditional timber frame build is built by expert caravan builders who have been doing so for decades. The vans are robust, durable and reliable

We also have Our TIG welded aluminium frame that is crafted by technicians and welders with extensive industry experience, providing customers with an extremely strong, structural build which is accompanied with air-cell technology. Fibreglass skin interior walls are also available as an optional extra. Legion Caravans take pride in all that we manufacture and ensure that we maintain control of our build process & consistently innovating our product offering.

Our Build Process

LEGION

CARAVANS

Legion Caravans range of models and upgrade options will enable new travellers as well as experienced caravanners the ability to see more of Australia than ever imagined.

Our touring models will enable customers the chance to hit Australia's winding roads and extensive national Parks. Whilst our other options have the enhanced capability of going off road as well as off-grid with features that are second to none.

Once you have experienced the quality and compared our features you will be looking to join the Legion family!
